Re: 2017 Chevrolet Silverado 2500HD

Our 2017 Capital Improvements Program approved by our Board of Directors includes funds to purchase Capital Equipment. One of the vehicles scheduled to be replaced this year is E7 - 2006 Chevrolet 1500 with 143,550 miles. We have received prices from three (3) vendors for a new 2017 Chevrolet Silverado 2500HD Diesel, 4WD work truck with a Knapheide service body and the prices from each are listed below.

- Hardy Chevrolet = \$48,407.00
- Day's Chevrolet = \$48,470.75 (Crew Cab)
- Megel Chevrolet = \$58,637.50

I recommend we purchase the 2017 Chevrolet Silverado 2500HD from Day's Chevrolet and approve this capital purchase request in the amount of \$48,470.75.

Please let me know if you have any questions.
