

## MEMORANDUM

**Date:** September 8, 2021

**To:** Brooke Anderson, P.E.

**From:** Tim Collins *T. Collins*

**Re:** Dawson Forest Road Lift Station Package

---

We have received a quote from the manufacturer (Gorman- Rupp) for the Dawson Forest Road Lift Station. The quote for the "MX" lift station package is a complete packaged pump station including fiberglass enclosure, pump control panel, SCADA, interior and exterior lighting, alarms, and standby engine. Package submittals, shipping to project site, and startup services from manufacturer are also included. Manufacturers estimated submittal time is 16-18 weeks and estimated production time after submittal approval is 24-26 weeks. This project is being funded with developer contributions and R&E funds.

We request the Board of Directors authorize staff to proceed with the purchase of the Dawson Forest Road Lift Station Package in the amount of \$390,000.00.

Please let me know if you have any questions.
